Valiasr Hospital of Meshginshahr

Discharge on personal demand

Patient informs the IPD expert

IPD expert informs the IPD doctor

The patient and his/her companion fill out personal consent form in the presence of the nurse as the witness

The treating doctor prepares patient's medical file summary in English

Before discharge, the IPD expert gives the patient the needed instructions and information about various issues such as following up the treatment process

After coordinating with the IPD expert, the IPD secretary sends the patient's file to the discharge unit

Patient's bill is prepared in the discharge unit based on the predetermined contract in coordination with the IPD expert

The patient or his/her companion pays the bill and receives the medical file summary written in English

Upon patient's demanding, the expert of the discharge unit gives him/her the list of the services provided and their costs as sealed by the signet of the hospital

The expert of the discharge unit discharges the international patient, gives him/her the discharge letter, and returns his/her passport

The IPD expert records the information of the international patient in the health tourism system
